Free Design, Survey and Quotation service available nationwide. Please call Liam in the office to arrange a visit on 056 7752866.

DECORATIVE

Black Mosaic

We have added Black Mosaic to the Impression Range of our Decorative cladding. **Black Mosaic** was designed to meet the changing needs of our customers and to keep up with interior trends, where black is proving to be the new 'in' colour.

This design can also be used with our **Silver**

Silver Impression

Impression design to create a really distinctive feature. Black Mosaic is unique to the Irish market and is currently proving very popular with our customers.

We have also revised our pricing structure to offer customers extremely **competitive prices** and value in both our Elegance and Impression ranges.

Please call in to our showroom today to see all our Decorative Range, or alternatively you can phone us for a brochure pack and samples on 056 7752866 or visit our website at www.enviroclad.com/decorative to download a brochure.

Blue Mosaic

We recently completed a contract to clad a swimming pool with our Blue Mosaic and Premium Blue cladding and it turned out extremely well. Our clients were so happy with the finished result that they also decided to use our cladding in their changing rooms. Our Decorative cladding is ideal for all areas of the home and work place, especially wet areas. If you would like someone to visit and give you a free quotation please contact us on 056 7752866 and we'll be happy to arrange.

VISIT OUR SHOWROOM

See our location on the below map and call to see us in our extensive showrooms where we have our beautiful Decorative cladding on display as well as our Hygienic, SIBU and Total Stone ranges. Plastic Fantastic

Spring into Summer and get all those DIY jobs complete with our huge range of Construction Plastics.

Perspex sheets are known for their outstanding weathering and lucidity qualities and are ideal for weathering, signage and POS displays etc. Our sheets are available in a vast range of colours, sizes and thickness. (We can cut pieces to size upon request).

Fascia, Soffit & Guttering is available in a choice of styles, sizes and colours to suit any building design and improve the appearance of your façade. We also supply premium guttering systems with unique and distinctive features, available in a range of decorative profiles and colours to match all popular roofline systems.

Multi-Wall Polycarbonate sheets are ideal for roofing, weathering or window glazing and are a high performance, energy saving sheeting product making it an ideal material for conservatories,

green houses and smoking areas etc. Polycarbonate is available in clear, bronze, opal and a textured finish.

PVC Skirting, Architrave and Window Boards have become very popular, as they are quick and easy to install and are virtually maintenance free. Our architraves and skirting boards are ideal for adding a stylish finish to all your jobs.

Snakes on the Savanna

Capture the elegant, sophisticated and vogue feel of real leather and fur by using SIBU laminates for your design projects.

Capture the elegant, sophisticated and vogue feel of real leather and fur by using SIBU laminates for your design projects. These fabulous laminates allow you to achieve glamorous designs and installations at a fraction of the cost compared to real leather and fur. Whether decorating walls, ceilings, or furniture, SIBU will stand in a league of its own.

The sheets are flexible, easy to bend and can be cut with regular Stanley knife (score and snap method). Please note, this finish is not actual leather, however it looks and feels real with added benefits in the design, fabrication and installation phases.

PELO Savanna is a faux fur design which is new to the NEWS '09 range of designs. With its textured finish it looks and feels like the real fur while SNAKE Aubergine is a faux snake skin leather design.

Other designs in the NEWS '09 range include CREPA Violetta, CRISTAL Rombo and Eleganza Silver.

For more information on the SIBU range of laminates or for samples please contact David in the office on 056 7752866.

Total Stone is made from glass-reinforced plastic and natural stone powder. Its surface texture reproduces the colours of traditional stone, brick and slate and the panel finishes have a three-dimensional appearance that mimic real stone. Total Stone is ideal for both internal and external projects as it is lightweight and does not require much structural support for installation, unlike real stone, brick and slate.

The quality of Total Stone is exceptional and can be joined using a compound grout exactly matching the ones already in the panel. The panels can be fitted on walls, ceilings, chimney alcoves and around stoves but to list a few of the applications by our experienced fitter.

Total Stone

Below an example of a recent project we carried out in the West of Ireland for a customer who wanted to disguise a very badly cracked wall over a range cooker. The Red Brick arch and Brick and River Pebble panels reproduce the look of natural stone and this project was completed in only one day!

For further information and samples please contact us in the office on 056 7752866.
