

Enviroclad 2.5mm PVC Hygienic wall Cladding

Enviroclad PVC Hygienic wall cladding is a smooth white PVC non-toxic wall cladding, which provides a low maintenance and durable solution wall covering where hygiene is the main concern.

The product is a non-toxic 2.5mm PVC sheet that can be thermoformed (on site) and eliminates the build up of grime in corners. Enviroclad Hygienic wall cladding is chemical resistant, easy to maintain, power washable, does not require grouting and is very cost effective.

CATEX 2009

At the recent Catex exhibition in the RDS, Dublin, we displayed a magnificent selection of SIBU designer wall cladding products. Our stand was a huge success and we had a large number of enquiries from hoteliers, restaurant owners and interior designers.

It was a great opportunity to showcase our product offering and company name to a wide variety of existing and potential customers, and was an excellent means of networking and targeting a specific market. The exhibition also gave us the opportunity to further improve our customer service, which is of extreme importance here at Enviroclad Systems Ltd.

SIBU incorporates over 200 beautiful designs across 7 different ranges. It is produced by integrating High Impact Polystyrene (HIPS) technology with metalised polymers or printed foils. This 'designer' material is not only suitable as a wall cladding but in furniture design also. The qualities of laminates and fabricated steel have made it extremely popular with many professions in the design industry.

Mix 'n' Match for that Special Finish

Due to increased customer demand we are delighted to announce that we have added a beautiful new tile effect to the Impressions Range of our Decorative Cladding, which is suitable for bathrooms, showers, kitchens, utility rooms and all wet areas.

Beige Tile Effect is unique to the Irish market and was specifically designed by Mary here at Enviroclad to enhance our **Dessin Brown** and **Beige Mosaic** designs, which are currently proving very popular with our customers. The addition of this new design allows customers to mix and match designs to create a truly special finish wherever it is used.

Our Decorative cladding range is a great alternative to tiles as no grout is required, it's mould and mildew resistant, adds insulation, reduces condensation, is very easy to install and excellent in wet areas.

Please call in to our showroom today to see all our Decorative Range, or alternatively you can phone us for a brochure pack and samples, 056 7752866.

Champagne & Roses

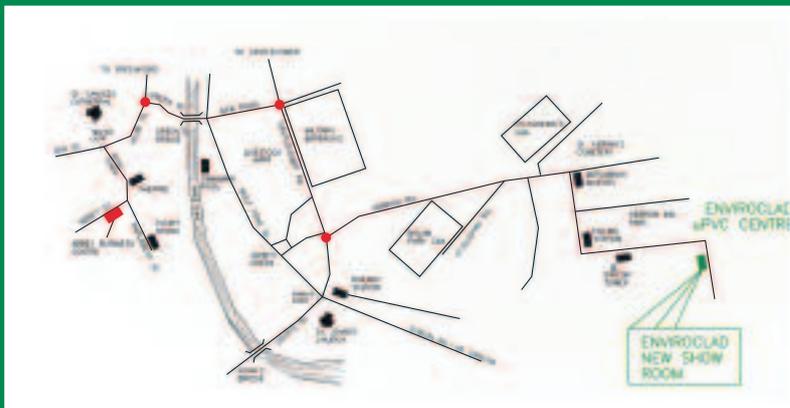

After it's launch at Plan Expo, Enviroclad are delighted to announce that the SIBU range of designer laminates available in Ireland is gaining wide spread interest across the country from interior designers, furniture manufacturers and other professions in the industry, ensuring those in the know come up smelling like roses.

Champagne Roses, which is part of the News '08 range, is a beautifully designed 3D laminate sure to make you dizzy with excitement. The stunning gold embossed flower motif has proven extremely popular with clients due to its eye-catching design, and its many applications from walls to furnishings. This range also includes luxurious leather finishes such as Nero Croconova, Collage Oro and Crème Quilted leather.

Enviroclad's New Website – Click 4 Your Cladding

Enviroclad are thrilled to announce the launch of their newly updated website. After hours of hard work we have finally designed a very user-friendly site that allows users to view our 4 product ranges: **Hygienic, Decorative, SIBU** and **Total Stone** with ease.

The new website includes our entire product range, and has the facility for users to request online quotations meaning that users can now save themselves valuable time by getting quotations sent straight to their inboxes. We have also designed an online ordering facility, which allows users to browse, choose and pay from our 4 ranges. These new online options will make the best use of customer's time so that they can sit back and relax, secure in the knowledge that Enviroclad has it all taken care of.

However, if you prefer a more personal service, our showroom is open Monday – Friday, 9.00am – 5.30pm and Saturday 10.00am – 2.00pm and we would be more than happy to meet you in person and assist you in whatever way we can. You can contact the showroom by telephone on 056 7752866.

It's all about location, and we are now located in Unit 57B of the Hebron Industrial Estate, on the Hebron Road, Kilkenny since our move from the Abbey Street Business Centre. See our new location on the map. Please give the office a buzz and we will direct you if you wish to call into us for a visit in our new showroom.
